Fenix Homes proudly presents the “Odysseus,” a single-level stucco home. This home is designed for gracious entertaining or daily enjoyment. Features include a very spacious and open floor plan, extensive tile flooring, soaring ceilings, custom painted woodworking, alder cabinets, slab granite kitchen countertops, and two gas fireplaces including one in the master suite. The den features an 11-foot ceiling with impressive eight-foot double glass doors. The home is pre-wired for sound and security, and includes an oversized covered patio, full landscaping and a spacious three-car garage. The home site is a one-half acre lot with full city services and includes irrigation water in beautiful Hansen Park, home to Kennewick’s brand new 25-acre city park.
